WELCOME TO CETA

CETA, Clean Energy Transition Asia, unites decision makers and influencers from the public and private spheres with a singular mission: Measurable outcomes that will move the region towards achieving Stated Policy Clean Energy Transition milestones. Adopting an integrated, whole of energy approach, CETA will bring together the clean energy and hydrocarbons sectors. Our approach reflects the region's need to adopt a "Transition Bridge" strategy which will help deliver a just, secure and affordable transition for all.

CETA is held under the patronage of the Ministry of Natural Resources and Environmental Sustainability. H.E Nik Nazmi Nik Ahmad and his team together with counterpart Ministries will look to drive forward Regional Energy Transition partnerships at CETA.

Clean Energy Transition Asia
Summit and Exhibition

Ministers, Policy Makers, Global Leaders, Policy advocates and Influencers take centre stage at the CETA Summit. This is where Policy meets Private sector action. Carefully curated and outcome focussed, the Summit creates actionable insights which will shape the region’s clean energy transition mission.

The Summit offers audiences a multi-track toolkit which reflects the region’s clean energy transition pathway.

- **Policy and Energy Leadership** : Focusing on regional collaboration
- **RE Ramp Up** : Strategies for renewable energy expansion
- **The Hydrogen Economy** : Exploring the potential and challenges
- **Financing Zero** : Innovative financing solutions for a zero-carbon future
- **Carbon** : Decarbonisation, offsets, and trading
- **Transition Bridge** : Integrating renewable energy with transition fuels
- **CASE Mobility** : The future of Clean, Autonomous, Shared, Electric mobility

CONFERENCE DELEGATE RATES

Early Bird (by 31 st Aug 2024)	USD 999
Standard	USD 1,300

All rates are exclusive of applicable taxes.

*Disclaimer:
The summit agenda outlined herein is subject to change at the discretion of the organizers based on evolving industry trends, developments, and the participation status of confirmed attendees. While every effort will be made to adhere to the schedule as published, unforeseen circumstances may necessitate alterations or substitutions to the agenda. Participants are encouraged to regularly check for updates to the programme and acknowledge that their attendance is subject to these potential modifications.*

THE CETA SUMMIT THEMES

TO DRIVE TRANSFORMATIVE CHANGE IN THE ENERGY SECTORS, THE CETA SUMMIT WILL ADDRESS THE FOLLOWING THEMES:

Policy & Energy Leadership

1 Insights on the region's energy transition policy, outcomes and goals achieved till date and critical milestones to be achieved in the near and distant future. The Summit will have a special focus on Regional collaboration and key drivers to accelerate cross border partnerships.

Financing Zero

4 What are the critical success factors for unlocking critical Climate Finance to keep transition goals on track? Hear from Policy makers, financiers and developers as they take us through transition finance mechanisms, regional policies that are helping attract critical climate finance to the region.

CASE Mobility Future

7 CASE – Connected Autonomous Shared Electric Mobility future for ASEAN – where are we in this journey? How do the latest food paced AI innovation leaps impact stated policy goals, OEM strategies as well as adoption confidence? Hear from future mobility leaders on their visions for the future.

RE Ramp Up

2 The region needs to add a football field of new RE capacity every day to stay on track. Discover how public and private sectors especially the C&I segment are picking up the pace, challenges they face, and the opportunities presented by solving these challenges.

Carbon

5 Carbon capture, CCUs and decarbonization tech are crucial for the region's net zero ambitions. Carbon trading and offsets are shaping the private sector's ESG credentials. Discover the opportunities, challenges and future pathways for the region towards decarbonizing hard to abate sectors as well as the carbon economy fundamentals.

The Hydrogen Economy

3 Hydrogen – Will It Be ASEAN's Swiss Army Knife for Energy Transition? A mix of keynotes and panels answer the big questions surrounding the development of a scalable hydrogen economy for ASEAN. Discover insights into the region's hydrogen policies and roll out action plans and what that means for our energy mix.

Transition Bridge

6 Integrating RE with transition fuels forms the region's energy transition bridge. As we ramp up RE, Gas and LNG are key to solving intermittency challenges. Learn from energy leaders how RE and Transition fuels are being jointly deployed, how the energy mix will evolve and the future plans for the region including a focus on accelerating regional collaboration.

THE CETA SUMMIT SESSION FORMATS

Ministerial Keynotes

Ministers from the foremost economies in the region will provide their perspectives on geopolitics, economic priorities, energy security and national roadmaps for achieving net-zero transition.

Global Leadership Keynote Addresses

Inspirational insights and practical strategies will be shared by keynote speakers who articulate their vision for achieving net zero goals.

Global Leadership Panels

CEOs, industry experts, and decision makers, from across the clean energy transition value chain will discuss and offer strategic and tactical inputs that will help the region accelerate its net zero transition journey.

Minister CEO Leadership Roundtables – By Invitation Only

Across the 3 days of the summit, Minister led leadership roundtables will offer industry CXOs an opportunity to engage directly with policy makers. Held under Chatham House rules these roundtables deliver actionable outcomes for accelerating and deepening PPPs.

CETA 2024 SUMMIT AGENDA

9 – 11 October 2024

ceta

WWW.CETA.ASIA

DAY 1 – 9 OCTOBER 2024

9:00am – 9:15am

Organizer's Welcome Address: Race Towards Net Zero: Regional Leadership for Climate Urgency

Elina Jani
Chief Executive Officer
GreenTech Ideaslab Sdn Bhd

Mel Shah
Chief Executive Officer
The CO_Lab Pte Ltd

9:15am – 9:30am

Special Address from our Industry Patron

Charlotte Wolff-Bye
Chief Sustainability Officer
Petronas

9:30am – 9:45am

Special Address from our Industry Patron – Tenaga Nasional Berhad

Ir. Dr. Mohd Fadzil Mohd Siam
Acting Chief Strategy & Ventures Officer (CSVO)
Tenaga Nasional Berhad

DAY 1 – 9 OCTOBER 2024

9:45am – 10:00am

Special Address from our Global Partner Energy Transition, The Swedish Energy Agency and Business Sweden

Helena Bernland
Senior Business Developer, International Markets
Swedish Energy Agency

10:00am – 10:15am

Keynote: APAC's Roadmap to Net Zero and 2030 Outlook

By 2030, sustainability could present an opportunity worth USD130–220 billion in ASEAN. With abundant renewable energy resources, nature-based solution potential, key minerals resources and a young, growing population across the region, ASEAN is well positioned to realise this potential. Member states have begun taking concrete actions towards a low-carbon and climate-resilient economy to achieve net zero emissions. However, there are challenges that need to be urgently addressed to enable ASEAN to capture this opportunity. Currently ASEAN's greenhouse gas emissions account for 5% of the global total but is expected to double by 2050. Despite a 35% improvement in energy emission intensity, overall emissions are projected to increase by 0.4% annually. In this keynote, McKinsey offers insights on the significant shifts required across sectors and levers to realise the opportunity. These include scaling for renewable energy and energy efficiency, implementing a regional carbon market, transforming the automotive industry to support electric vehicle adoption, promoting sustainable agriculture and forestry, and investing in climate adaptation and resilience.

Kaushik Das
Senior Partner, Southeast Asia
McKinsey and Company

10:15am – 10:30am

Keynote: ASEAN and The World – Pathway to Zero

This session will explore the roadmap for our collective net zero future. Taking a global view, this keynote will showcase a world view key trends outlook and impact on our region.

Jarand Rystad
Chief Executive Officer
Rystad Energy

DAY 1 – 9 OCTOBER 2024

10:30am – 11:00am

Morning Tea Break

11:00am – 11:45am

Partnerships – Public, Private, Regional: The Role of Policy, New Energies, Technology Innovations and Regional Collaboration

Malaysia is the incoming chair of ASEAN in 2025. As part of its chairmanship, Malaysia will drive forward a renewed effort to accelerate regional collaboration and partnerships for the net zero transition. Moreover, this panel discussion will showcase how public private partnerships at a regional level create transformation at scale.

12:30pm – 2:00pm

Networking Lunch

DAY 1 – 9 OCTOBER 2024

2:00pm – 2:15pm

Special Address: Contributing to NETR and The Roadmap Ahead

Malaysia is committed to low-carbon development aimed at restructuring the economic landscape to a more sustainable one. In this context, the National Energy Transition Roadmap (NETR) sets the goal to accelerate energy transition and change the way energy is generated to improve climate resilience. Malaysia Green Technology and Climate Change Corporation (MGTC) is part of the NETR Steering and Technical Committee. This special address will bring forth the key achievements of the NETR policy and forward-looking milestones.

TS Shamsul Bahar Mohd Nor
Group Chief Executive Officer
Malaysian Green Technology And Climate Change Corporation (MGTC)

2:15pm – 2:30pm

Special Address: NanoMalaysia Berhad and UZMA

The CETA Summit is proud to host NanoMalaysia and UZMA Group at this special address that run in a fireside chat format. Learn about clean energy transition innovations and collaborations being powered by these two leaders.

NANOMALAYSIA™ NanoMalaysia Berhad

UZMA Environergy Sdn Bhd

2:30pm – 3:00pm

GOH Special Address

YAB Dato Sri Haji Fadillah Haji Yusof
Deputy Prime Minister of Malaysia
Minister of Energy Transition and Water Transformation (PETRA)

3:00pm – 3:30pm

Afternoon Tea Break

DAY 1 – 9 OCTOBER 2024

3:30pm – 4:30pm

Global Leadership Panel: CSOs and Clean Energy Partnerships – Strengthening Collaboration for Net-Zero Transition

The successful transition to a low and zero carbon future needs a whole of society and industry collaboration approach. The Commercial and Industrial segment, and in particular CSOs from the C&I segment, are championing initiatives aimed at delivering secure, affordable and accessible energy for all. This panel of CSOs, Policy think tanks and Financiers will discuss and outline critical success factors and enablers for the net zero transition as well as a future forward pathway to accelerating our collective race to net zero.

Speakers

Mike Ng
